

OVERNIGHTER RECLINER

Founded on a strong steel frame, the 526 Overnighter Series patient chair is a hard-working sleeper that provides the greatest possible level of comfort to overnight patients. Mobile and impressively flexible given its size, the 526 has high-quality casters that make transport easy and non-intrusive.

It's open space, all-in-one design helps reduce claustrophobic sensations often caused by constant sitting. The quality foam and fabrics of the 526 Series make for real comfort, as well as a better-looking and longer-lasting product. Maximize patients' comfort by helping them choose between three positions. Years of research and testing have gone into the perfection of the Overnighter Series. It's specially designed to ensure that each has every opportunity to get a good night's sleep, whatever their medical situation.

Available with manual and power options in a wide range of colours.
