## QUICKDRAW® PORTABLE SUCTION UNIT

Combining the convenience of handheld suction with the performance of powered suction. The most efficient suction pump you have ever held in your hand. At only 1.2 kg, the SSCOR Quickdraw® is more efficient than the most powerful traditional suction units. It is compact and light enough to fit in an airway bag and be readily transported to the patient's side on every call.

**Available in both rechargeable and battery operated variations**

**SKU:** SCR.2403-230

## DISPOSABLE CURTAINS

Each EcoMed disposable curtain is treated with the 3rd Generation Ultra-Fresh built-in antimicrobial protection.

**SKU:** EN.

## 68 SERIES BARIATRIC RECLINER

Luxe and stylish, the Ascent II recliner puts a new twist on serious medical seating. The curved top-line of the seatback offers additional headroom while the "wing-back" design adds style and customization options for designers. Standard features, like swing-away arms and a removable seat, aid in meeting infection control goals. The Ascent II is optimal for patient rooms, oncology, infusion therapies, dialysis, pre- and post-operation and other treatment needs.

**SKU:** CH.68/CH.68P/CH.660

## BARIATRIC SHUTTLE B CHAIR

The Shuttle B Series™ Advanced is the ultimate transitional item designed for use in conjunction with rehabilitation, examination and transportation. Whether in stretcher or chair position, this fully electric product accommodates weight capacities up to 455kg. The Shuttle B Series Advanced transforms with the touch of a button from stretcher to chair position and is perfect for use with a lateral transfer device to assist with ambulating a patient. The seat assist function is complete with ambulation poles for the safety and confidence of the patient and care provider.

**SKU:** SW.31060000

## BARI-REHAB PLATFORM 2

Introducing the Bari-Rehab Platform2 – setting a new state-of-the-art standard for bariatric care. With a 450 kg capacity and expandable width of 100 cm to 120 cm the Bariatric Platform 2 is the ideal bed for all levels of care for the bariatric patient. This innovative bed design allows patients to become actively involved in their rehabilitation plan of care.

**SKU:** SW.12060307

## STEPHEN H BARIATRIC TREATMENT CHAIR

The design, providing a high level of comfort for the patient, has been developed to provide a customised solution for the bariatric (high weight) patient care. The chair is able to move patients up to 300 kg. It is a multipurpose chair designed for hospital use during assessment, diagnosis, care and treatment. It is suitable for many different applications and may also be used to transport the patient from one department to another.

The backrest is produced with sufficient stability to carry out CARDIO PULMONARY RESUSCITATION. This medical device, made with stainless materials, represents the “ultimate” solution regarding the elimination of rust, thus significantly reducing the likelihood of bacterial contamination.

**SKU:** GB.SHA.STANDARD

## BARI-REHAB PLATFORM 2

Introducing the Bari-Rehab Platform2 – setting a new state-of-the-art standard for bariatric care. ## 500 XLS TREATMENT CHAIR

Versatile applications: predominantly IVOM treatments but also MKG surgery, dental surgery, ophthalmic surgery. Excellent value for money. Removable footrest for back, seat and height adjustment including on / off button, 3 memory positions and reset button

**SKU:** UFSK.15000005-2

## 500 XLE COMFORT TREATMENT CHAIR

Optimized price-performance ratio. Ample legroom and unobstructed access to the patient's head. Space-saving design for flexible use, outstanding manoeuvrability even in the most confined of spaces. Multi-functional manual switch with 4 memory positions and auto-run function. Automatic switch-off in the stand-by mode with reactivation button

**SKU:** UFSK.15000006-2

## EMOTIO EXAMINATION COUCH

**SKU:** PR.4050-20

## LINDA NEXT EXAMINATION TABLE

The Linda Next keeps the promise of the fundamental Tecnodent “knee break” concept, whilst embodying the beloved features of compactness, essential design, simplicity and comfort of use. The dedication to continuous research and development of new technologies and materials has brought us to the adoption of the RIM (Reaction Injection Molding) system. The unique result is a combination of flexibility, strength and modern look, with a maximum lifting capacity of 300 Kg.

It has intuitive use by one single joystick foot control, and top performances even in the basic version, including backrest and leg synchronism, with automatic extensible PU foot section; automatic working programs, table, Trendelenburg rinse, last and zero positions; soft start and stop and SLOW MODE feature, for precise movements.

**SKU:** TD.LINDA

## IQUEST EXAMINATION COUCH

The Promotal iQuest Examination Couch is robust, comfortable, and easy to access. It is designed to facilitate three basic needs: equal treatment for people with reduced mobility, efficiency in performing medical examinations, and ergonomic use of equipment. Promotal has designed the iQuest sofa with a sleek and airy design that will improve your comfort and that of your patients with its safe, all electric movement including height, backrest, trendelenburg / reverse trendelenburg.

**SKU:** PR.3050

## 68 SERIES BARIATRIC RECLINER

Luxe and stylish, the Ascent II recliner puts a new twist on serious medical seating. The curved top-line of the seatback offers additional headroom while the "wing-back" design adds style and customization options for designers. Standard features, like swing-away arms and a removable seat, aid in meeting infection control goals. The Ascent II is optimal for patient rooms, oncology, infusion therapies, dialysis, pre- and post-operation and other treatment needs.

**SKU:** CH.68/CH.68P/CH.660

## 59 SERIES RECLINER

The highly-functional 59 Series medical recliner is a cost-effective alternative when patient transport is not required. It is ideal for use in infusion therapies, patient rooms, and other treatment needs. And with durable three-inch casters that are lower to the ground, it is easily usable for petite patients and pediatrics.

**SKU:** CH.59/CH.59P-2

## MARINA SOFIA AUTO RECLINER

The Sofia Automatic recliner chair combines maximum comfort and versatility with optimal functionality that is suitable for the most demanding caregiving environments. Sofia is more than a patient recliner; it's a transportation chair, a sleep recliner and a treatment chair. The chair provides 4 position options: recline, upright, sleeping and lifting.

The fabric of the Sofia is designed specifically to meet the strictest requirements of the healthcare environment by creating effective barriers against germs, abrasions and stains. It is also available in standard and wider seat options.

**SKU:** DEC.SAA

## MARINA HOME AUTOMATIC RECLINING CHAIR

**SKU:** DEC.MH

## MARINA HOME RECLINING CHAIR

The Marina Home Manual chair has been designed for care centers and private homes. Marina Home has a versatile and functional design offering an effortless manoeuvrability and a high level of comfort.

**SKU:** DEC.MH-2

## GYNAECOLOGY STRETCHER

The Premier Series 4500GYN is Techlem's Gynaecology Stretcher for use in obstetrics and gynaecology. It is equipped with a two-piece sectional, viscolastic mattress. The stretcher is versatile, and boasts supine to full-chair positioning with pneumatic assist for ease of use. It features a sectional, pressure sensitive foam mattress with viscolastic, four-way stretch cover.

**SKU:** T.4500GYN

## COMPACT STRETCHER

Techlem's Premier Series 4500CFS is a highly adaptable, compact stretcher designed to suit your small-space, clinical environment. It provides many features as the 4500, including collapsing side-rails. It's available in narrow and short & narrow, and features a high density foam mattress with conductive cover.

**SKU:** T.4500CFS

## EXTENDED STAY STRETCHER

The Premier Series 5000W Extended Stay stretcher is versatile, functional, and exceptionally comfortable. Our extended stay stretcher is equipped with an extra-wide frame, zero clearance side-rails, and Techlem's distinguished Viscolastic mattress technology. It also features a pressure sensitive foam mattress with a viscolastic, four-way stretch cover.

**SKU:** T.5000WSAHF

## BARIATRIC STRETCHER

The Premier Series 5000BR is a safe, reliable and nimble stretcher equipped with Techlem's 5th wheel technology and high tensile components. The Bariatric stretcher boasts a 750 pound weight capacity. It also features a high density foam mattress with conductive cover.

**SKU:** T.5000BRSAHF

## TRANSPORT/GENERAL STRETCHER

The premier Techlem stretcher for Transport and General Use features an integrated oxygen tank holder and patient storage, 5th wheel technology for steering assist, and more than 20 customisable options for design and functionality. The Premier Series 5000 is the preferred stretcher in emergency and trauma centres worldwide, due to its durability and ease of use. It also features a high density foam mattress with conductive cover.

**SKU:** T.5000SAHF

## 500 XLS TREATMENT CHAIR

**SKU:** UFSK.15000006-2

## BLOOD SAMPLING CHAIR

The Promotal Blood Sampling Chair is high quality, particularly ideal for medical analysis laboratories. The reclinable backrest and foot cushion aid patient comfort, whatever model you choose (fixed/variable height; electric/hydraulic). The foot cushion is available in either a manual version (independent from the backrest) or an electrical version (combined with the backrest). The reclinable leg-rest is also available in manual (independent) or electric (combined with the backrest), enabling easier recline to the emergency position. Additionally, the 80 mm thick upholstery ensures maximum comfort for your patients. Two armrests allow examinations from the left or right, depending on your preference.

**SKU:** N/A

## PATIENT TRANSFER SCALE

Weigh Immobile Patients In Seconds

A revolutionary solution for weighing immobile patients without wasting valuable minutes.

The Patient Transfer Scale is the new way to achieve an accurate reading without compromise.

**SKU:** WB.PTS

## SWIFI TRANSFER CHAIR

Swifi® was designed exclusively for a hospital environment: greater rigidity and a longer life span, easy manoeuvrability and a large range of accessories including Swing IV®, an exclusive system of rotating IV pole.

Swifi® is a transfer chair with an ultra modern and welcoming design that contributes to reducing patient anxiety on arrival at a hospital. The patient's intimacy is respected when manipulating the footrest due to its bilateral control. The Swifi® transfer chair allows easy access for all patients, notably reduced mobility or corpulent patients. A patient weight capacity of 200kg, an open-sided seat, swing-back armrests and a sliding footrest ensure both lateral and frontal access comfortably.

**SKU:** PR.30130-02

## TWEEGY TRANSFER CHAIR

Entirely configurable and accessorizable, the Tweegy evolves and will evolve with your needs!

The Promotal Tweegy is the simplest transfer chair ever designed. Small, slot-in and very simple to use, Tweegy is the solution that facilitates your transfers and eases the organisation for all. Entirely configurable and accessorizable, the Tweegy evolves and will evolve with your needs.
