WRASFER™ TRANSFER SHEET

The WRASFER™ Patient Transfer wrap sheet is designed for swiftly and hygienically transporting immobile or injured patients in high-pressure emergency situations. WRASFER™ disposable patient wrap and transfer sheet is designed for use in paramedic services, hospital emergency wards and operating theatres, in situations where fluids need to be easily absorbed.

With a fluid absorption capacity of 5 litres and a max. carrying weight of 200 KG, WRASFER™ is an extremely versatile product. It addresses four critical issues: contamination control, cleaning time/ costs, ambulance turnaround times, and patient transfer.

SKU: WRASFER

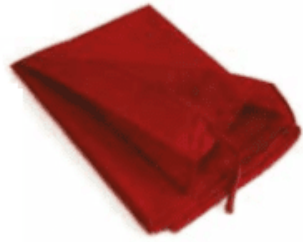

BARIATRIC CADAVER STRETCHER

The Premier Bariatric Stretcher features a canopy and canopy framer with a weight capacity of 273kg.

- Techlem “Posi-Lock” Braking System
