Never accept less than the best

At Dale, we're always focused on making better products.

With top-quality materials, innovative designs, and rigorous standards, our products perform at the highest standard to save nursing time, improve patient safety and comfort, and increase operational efficiency. All Dale products are manufactured without the use of natural rubber latex or DEHP.

Our services, including professional development and nursing education, help our clinical partners become always better in their own practices.

A History of Becoming Better

Since 1961 Dale Medical Products has been helping patients, practitioners and institutions secure optimal care and real economic value for generations. Dale has earned global recognition for our industry-leading performance-driven products and customer support. Dale Medical Products is an ISO 13485:2016 registered company.

In March of 2022 Dale Medical Products, Inc. completed a transaction to become 100% employee-owned through its newly created Employee Stock Ownership Plan (ESOP). Together, we will continue to create a healthcare experience that's always better for everyone involved.

An Innovation Partnership

As in any good partnership, we want to hear what you have to say. If you do have thoughts on making a patient care product better we'd like to hear about it.

If you have an idea for a new product, we'd like to hear about that, too. If anything, we can help you better understand the process of what to do next to protect your idea.

Patents

Many Dale products are protected by patents in the U.S. and elsewhere. They are listed at www.dalemed.com/patents. This website listing is provided to satisfy the virtual patent marking provisions of various jurisdictions, in particular it is intended to serve as notice under 35 U.S.C. § 287(a). Additional patents may be pending in U.S. and elsewhere.

We're also proud to partner with you in support of breast cancer research. For every badge scanned at Dale conference booths, we donate \$1 to breast cancer research. Together we've raised over \$75,000.
