

Pump'N Protect™

Breast Milk Storage Bags

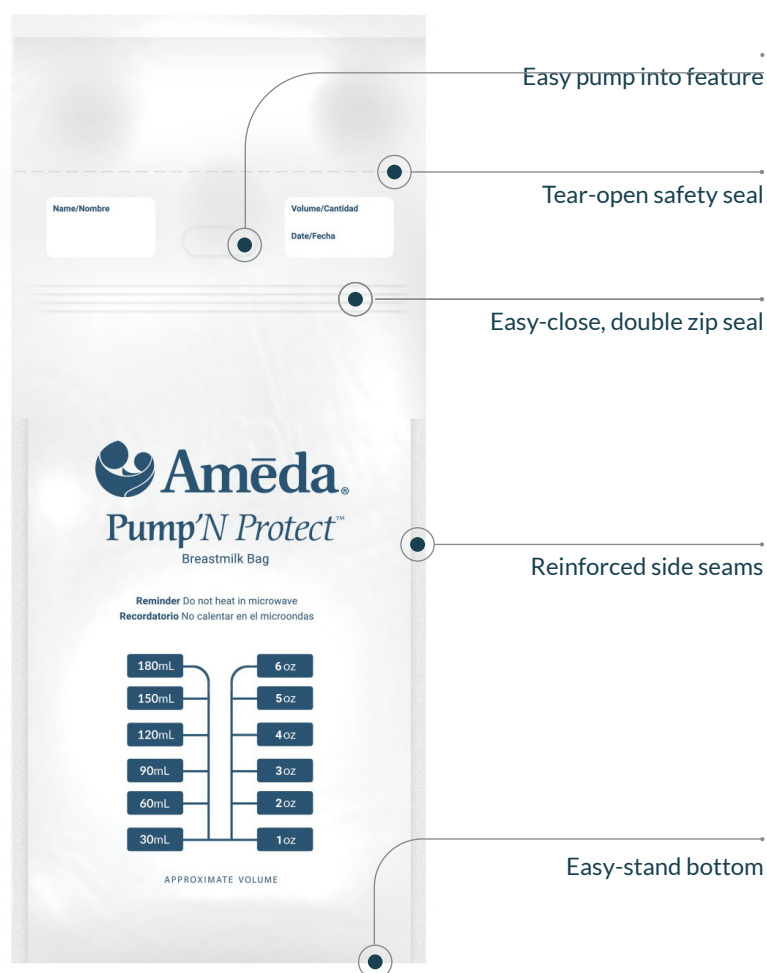

Trusted by Hospitals, Loved by Moms.

Pump'N Protect™ 6 oz. Breast Milk Storage Bags are a convenient storage solution for breast milk. Save time by pumping directly into the bag using integrated adapter holes to attach flange for direct pumping. The bags are compatible with Ameda HygieniKit® Milk Collection Systems. The double zipper-seal helps prevent leakage and reinforced side seams create ultimate protection for storing in the fridge or freezer. When it's time to use your stored milk, the easy to handle bag allows for easy pour from the side to transfer milk into a feeding container.

Features:

- Tamper-proof seal for safety
- Integrated adapter holes allow mom to pump directly into the bags with use of a pump adapter
- Easy-close, double zip seal with leak-proof technology
- Reinforced side seams for ultimate protection
- Gusset bottom allows bag to stand or lay flat for storing
- Easy to handle bag, BPA free
- Easy to read markings, hold up to 6 fluid ounces
