

WELCOME TO THE NEXT GENERATION OF BURN DRESSINGS

WATER-JEL FIRST RESPONDER Emergency Burn Dressings

New Water-Jel FIRST RESPONDER burn dressings are pre-saturated with a new odor-free, crystal clear gel. The clear gel allows for clear visualization and assessment of burn injuries at any time.

- ▶ **With Mikrokill**
- ▶ **State of the art formula**
- ▶ **With Hyaluronic acid**
- ▶ **Transparent Gel**

Water-Jel FIRST RESPONDER burn dressings contain a patented technology thickener, stabilizer and suspension which is:

- ▶ Benzene Free
- ▶ Self Wetting
- ▶ Non-Adherent
- ▶ Clear

WATER-JEL FIRST RESPONDER – Emergency Burn Dressings

Are designed to effectively and efficiently take the excess heat out of burn injuries.

The Water-Jel gel technology is in daily use worldwide by professional emergency medical and rescue practitioners (civilian and military) for over 30 years.

CLINICAL BENEFITS

- Fast pain relief
- Helps stop the burning process and burn progression
- New clear, fragrance-free gel made of 96% water
- Clear gel allows for visualization and assessment of burn injuries at any time
- With Hyaluronic Acid and a paraben-free, broad spectrum preservative system
- Cools burns with convective, non-evaporative process to help avoid treatment-induced hypothermia
- Assists in maintaining viability of zone of stasis (depending on time of application)
- Allows for uniform cooling of uneven burn injury surfaces, covers and protects.
- 100% water soluble for subsequent removal
- Pre-saturated, does not require water
- Medical-grade, tear-resistant, non-woven carrier, pre-saturated with cooling gel

PRODUCT USE BENEFITS

- Consistent, standard of care for burns in pre-hospital, E.D. settings
- Useful where EMS protocols only allow for water-soaked dressings for burns of less than 15% TBSA.
- Non-adherent
- Can be applied over hot damaged clothing
- Rugged, burst-resistant foil packaging
- Flight safe
- Efficient care for mass casualty incidents
- Easy to apply
- Six sizes, including special facial burn dressing and hand burn dressing
- Burn kits, burn wraps and fire blankets also available
- 5-year shelf life
- Free clinical Burns Training and Free Trial programs available

Water-Jel FIRST RESPONDER burn dressings contain a unique new broad spectrum preservative system, **Mikrokill**, which provides

- ▶ Broad Spectrum Activity on Bacteria, Yeasts and Moulds and is Anti Fungal
- ▶ Paraben Free
- ▶ Formaldehyde Free
- ▶ Isothiazolone Free
